EXPERIENCE

• End-of-study internship: Feb2023-Jul2023
Générale Tunisienne De L'Informatique :

I developed a robust maintenance contract management app for GTI projects. I used JavaServer Faces (JSF), Oracle, and Spring MVC. This honed my technical skills and provided insights into GTI project contract management.

• Junior Web Developer:Dec 2022- Feb 2023
Ajico Group :

Developed the front end of websites using React and added animations using Framer motion, Css animation and chakra Ui

• Junior Web Developer: Aug2022 - Jan 2023
CIN Group :

During my tenure at CIN Group, I embarked on a dynamic learning journey to make a secure Investment platform using React, Chakra UI, Express JS, JavaScript and PostgreSQL working in a dynamic team and applying best software practices.

• Summer Internship: jul2022-Aug2022
SMART KOKUSAI:

Developed a website with React.js for dynamic frontend, including animations and advanced filtering. Utilized SQL, Express.js, and Node.js for efficient backend development, resulting in a high-performing web application.
